Education

- B.Tech. in Computer Science and Engineering - RIT, Islampur (2022-2025) – 8.66 CPI
- Diploma in Computer Engineering - BSIET, Kolhapur (2019–2022) – 90.69%
- SSC – Usharaje High School, Kolhapur (2019) – 90%

Technical Skills

Languages	Frameworks & Tools	Databases
C, C++, Java, HTML, CSS, JavaScript	Android SDK, Flutter, Xcode, Android Studio, Node.js, React.js	SQL, Firebase, MongoDB

Projects

Communion Hub – MERN Stack Web App - *React.js, Node.js, MongoDB, Express.js*

- Built the frontend UI in React.js for a community platform, focusing on responsive layouts and UX.

- Implemented Event CRUD operations with MongoDB integration for seamless event management.

- Collaborated in a 2-member team, contributing to both frontend and backend integration.

Bill Desk – Flutter Mobile App - *Flutter, Firebase*

- Built a mobile-first billing app with inventory tracking and PDF invoice generation.

- Integrated Firebase for cloud storage and real-time sync.

- Designed for scalability and usability to help merchants reduce billing errors.

E-Waste Management Website - *HTML, CSS, JavaScript, Firebase*

- Built the frontend UI for connecting e-waste producers with organizations.

- Designed responsive layouts and input forms for better accessibility.

- Collaborated with the team to integrate frontend with backend services.

Internships & Experience

MERN Developer Intern – CodeXLabz Technologies (Remote, Jan–Jun 2025)

Android Developer in Android Team – Google Developers Students Club (GDSC RIT)

Web Development Intern – TechnoHacks (Sept–Oct 2023)

Android Developer Intern – AICTE (Oct 2023), CodeClause (Dec 2023)
